Dr. Joshua Lederberg
Department of Genetics
Stanford University School of Medicine
Palo Alto, California 94305

Dear Dr. ^{Joshua}Lederberg:

The Division of Biological and Medical Sciences is pleased to inform you that your proposal has been approved by the National Science Foundation in the amount and approximate duration indicated in the accompanying copy of the grant letter.

May I suggest, when any question arises regarding your grant, that you contact the Genetic Biology Program directly. We will be pleased to be of assistance, and where necessary, will take up the question with other appropriate offices within the Foundation.

I wish you every success in this exchange program.

Sincerely yours,

Herman W. Lewis
Program Director for
Genetic Biology
